The iM2300 meets airline carry-on regulations by fitting under seats and in overhead compartments.

Storm Cases are designed to transport and protect your valuables even under the most adverse conditions.

The option of custom-cut foam ensures that your specific gear is completely secure.

Press & Pull latches hold fast even under duress, yet open effortlessly.

Permanently attached Vortex® valve automatically adjusts air pressure without letting in water.

Add the security of your own padlock to unbreakable, molded-in hasps.

The unique hinges with foot hold fast under impact and create a flat surface for upright stability.

Double-layered, soft-grip handle combines strength with long lasting comfort.
